

Industrie-Elektronik
QUALITY MAKES THE DIFFERENCE

**REPLACEMENT
PARTS**
fully reconditioned

**The advantages
BVS has to offer:**

- ✓ Cross-manufacturer availability and 24/7 availability of reconditioned replacement parts
- ✓ 24-month warranty* on the complete assembly
- ✓ Warehouse with over 100,000 assemblies available directly on site
- ✓ Range of discontinued, legacy and current assemblies available as replacement parts
- ✓ Comprehensive cleaning and implementation of preventative measures on all replacement parts

Fully reconditioned replacement parts

In our **replacement parts warehouse**, we permanently stock more than **100,000 replacement assemblies** that are available to you around the clock. We are thus able to offer impressive **availability for all manufacturers** for both discontinued, legacy and current assemblies. Thanks to the preventive measures implemented as part of our **general overhaul service** and the comprehensive **function and load tests**, we not only provide you with a **24-month warranty*** on the complete replacement assembly but can also guarantee that the **assembly is in compliance with the Machinery Directive as per 2006/42/EC**. We thus guarantee that the production process is sustainable, runs smoothly and above all is safe for individuals and the machine.

With our **express courier service** and our new **express air freight service** we can guarantee the fastest possible delivery **around the clock** as part of our 24/7 availability.

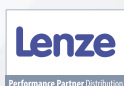

We are available to answer your questions around the clock.
