

## ERROR CHECKLIST FOR ASSEMBLIES

Please complete the checklist as accurately as possible to ensure a quick repair or acceptance of your warranty claims.

Please enclose the checklist with the module again!

**Please complete  
this checklist!**

Company name: \_\_\_\_\_  
Name of maintenance engineer: \_\_\_\_\_  
Item number: \_\_\_\_\_  
Serial number: \_\_\_\_\_ Date: \_\_\_\_\_

Identified/suspected error(s) (please tick/underline/fill in where applicable)

- Possibly **error-free** \_\_\_\_\_
- System **OK** after **replacement** of this assembly
- Sporadic errors** (dropouts):  
Dropout after approx. \_\_\_\_\_ min./h. Frequency approx. \_\_\_\_\_ per h./day  
Operating time per day:  8 hrs.  16 hrs.  24 hrs.  \_\_\_\_ hrs.
- Completely non-functional**, possibly with visible damage: \_\_\_\_\_  
\_\_\_\_\_
- Mechanical defect** / housing / panel broken
- Interface(s)** defective / transmission problems / connection designation: \_\_\_\_\_  
\_\_\_\_\_
- Software** problems / data media problems / data is being lost
- Display** defective / flickering / dark / yellowing / dead pixels / lines: \_\_\_\_\_  
\_\_\_\_\_
- Input device** defective / stiff (buttons / touchscreen / mouse / touchpad)
- Displayed **error codes**, **LED status** (e.g. fault LED flashes red once per second):  
\_\_\_\_\_
- Other errors** (e.g. commissioning problems, battery discharging, etc.): \_\_\_\_\_  
\_\_\_\_\_
